(1) (Refer to USAP ^{Site} ~~Source~~ 25 Map 0167-998-2-25 NA, Ref No. 2-10)

This plant listed as an electrical equipment plant, is believed most likely to be the radar plant of interest. For this facility, following is requested:

- (a) Indication of additional construction since WWII.
- (b) Estimate of size: roof cover, number of floors, floorspace
- (c) Any indication of antenna test positions on roof
- (d) Any indication of end-products (trailers, antenna structures, or early warning radar sets) in yard or park areas.

(2) (Refer to attached overlay from Moscow 1:35,000 map)

(a) Please check area within red boundaries (previously, the only sizeable plant in this area was Ref 2-10) and report existence of any new plant of size, with which there is associated possible or certainly antenna structures and/or radar sets.

(3) Describe any antenna structures and/or radar sets noted in above examination.
